NHS Foundation Trust

Service Users – Would you like the opportunity to feedback and advise on the IT Systems we use?

We are looking for service user representatives to be part of an IT Advisory Group.

If you are a service user and would like to give your views on how IT systems are used to support your care, then we want to hear from you!

We are looking for expressions of interest from service users with recent mental health service experience (within last 3 years).

Ideally, we are looking to recruit 2 representatives from each of the following areas: alcohol and drug services, early intervention services, perinatal mental health, younger persons' services and psychological therapies.

Our meetings take place every other month on the Prestwich site with our next meeting being in November.

Please visit our website to find out more—
www.gmmh.nhs.uk

You will be paid for your time and we will cover any travel expenses. The rate of pay is £10 per hour.

Please email: SUDigitalAdvisory@gmmh.nhs.uk for further information, or to submit an expression of interest.

We look forward to hearing from you!

**Coming together to improve
mental health services**
